## **Camp Lake James - Internship Program**

Camp Lake James is a private member only facility that has everything you need to relax, play, and create special memories with family, friends, and neighbors. Our members spend their days kayaking, canoeing, and paddle boarding on clear mountain waters, cooling off in the pool or unwinding around a crackling campfire while roasting marshmallows, and getting a bite to eat at the County Line Canteen.

During this internship, you will have the opportunity to be part of our special event program planning, food and beverage operations, daily events/activities and overall daily operations of a private recreational facility. The internship will also provide you knowledge and experience in high-end lodging and marketing.
